Tutoring Experience

Over the past 12 years, I've worked with students across various curriculums, including IB, A-Level, and AP Chemistry, guiding them through rigorous content and exam preparation. My students have excelled in understanding complex areas like physical and organic chemistry and achieved strong results across assessments.

My experience extends to mentoring students for competitive exams, helping them develop efficient study strategies for high-stakes testing. This work has led to a number of my students being accepted into competitive programs worldwide, showcasing both the breadth and depth of their chemistry knowledge.
